

Simply Ballroom Group Class Descriptions

Newcomer Drop-in - Designed for the beginner dancer. In this 1 hour class we will rotate through the main 6 dances - Waltz, Tango, Foxtrot, Chacha, Rumba and East Coast Swing. We will teach 2 dances per class, with an emphasis on just getting comfortable with movement and partner dancing. This is a really great place to start.

Beginner Series - This 45 minute class is a little more in depth than our newcomer drop-in class. We will teach the first half of the DVIDA bronze syllabus and include a little bit of technique. The dances covered are Waltz, Tango, Foxtrot, Chacha, Rumba and East Coast Swing. Taught in 2 week series.

Beginner Club Dance - Get started learning these club and social dances in this 45 minute class. The dances taught will include Salsa, Merengue, Bachata, Hustle, West Coast Swing, Shag, Country 2-step and Nightclub 2-step

Newcomer Social - A chance for beginners to meet other dancers and practice what they've been learning. If you don't quite feel ready for our Friday social dances, this is the perfect place to be. Learn some floor craft and test out your lead and follow skills without being overwhelmed. We will include mini refresher lessons followed by 2 songs of each dance.

Intermediate Series - Move up to this 45 minute class when you're comfortable with the steps and technique taught in beginner class and are ready to take your dancing to the next level. We will teach the second half of the DVIDA bronze syllabus and include more technique and styling. The dances covered are Waltz, Tango, Foxtrot, Chacha, Rumba and East Coast Swing. Taught in 2 week series.

Int/Adv Club Dance - More in depth learning of the club and social dances in this 45 minute class. The dances taught will include Salsa, Merengue, Bachata, Hustle, West Coast Swing, Shag, Country 2-step and Nightclub 2-step

Silver Series - Designed for the more advanced dancer. These classes will run in 2-week series and cover one dance for both of those weeks. This class will include a lot of technique and styling and will teach the DVIDA Silver syllabus. The dances covered are Waltz, Tango, Foxtrot, Chacha, Rumba and East Coast Swing. You must have instructor approval to attend this class.

Variations - This class will teach non-syllabus steps not normally taught in our other classes. The dances will vary and you will always have something new. The perfect class for when you want to add some variety to your dancing.

Technique & Styling - Learn the proper technique that you can use in a variety of dances and learn styling tips and options for both the leader and follower. We will also cover things like musicality and how it applies to your dancing. Take this class when you're ready to take your dancing to the next level.

Formation Class - For each special event or holiday, we prepare one or two group performance routines. These are so much fun. We get to share this experience with our fellow dancers, make new friends and get a taste of performing. Great for any level - beginner to advanced.

Friday Social Dance - Come and practice what you've been learning and meet other dancers. Light refreshments and lots of great music.
